**Re: Robert Tezak****DOB: 2/17/1948****To: Whom It May Concern**

Robert Tezak is a 65 year old male diagnosed with bladder cancer in January of 2004. He had recurrent bladder cancer in May, 2004, October 2012, and now has another recurrence.

Mr. Tezak will require surgery, scheduled for May 28, 2013, followed by chemotherapy.

Mr. Tezak will likely require future surgeries and future chemotherapy. His cancer is progressive.

**Sincerely,**

Erik E. Alexander, MD
